## **HEARTSAVER PEDIATRIC FIRST AID**

The credentialed Heartsaver Pediatric First Aid course is designed for lay persons who because of their occupation may need to respond to a first-aid emergency. This course teaches participants on how to handle injuries and manage illness in the first few minutes until help arrives. There are six modules covered in this course which include:

First Aid Basics  
Medical Emergencies  
Injury Emergencies  
Environmental Emergencies  
Adult CPR  
Pediatric CPR

This course meets the requirements of the child care providers, teachers, foster care workers, camp counselors, Scout leader, youth organizations, coaches, children's sports organizations, babysitters and parents. Certification is good for 2 years. This course is 3 hours.
